

COMMUNITY BUILDING PROJECT

Dear Friends and Partners,

We all rise up to the challenge to achieve great things if given a spark of hope. When an individual is empowered to change, a family rejoices in hope. When families change, a city is transformed.

This letter is about empowering our community, about giving purpose to the youth, about bringing back family values, about making our streets safe again, about changing our city.

Hope Mission Centre has had the privilege of serving the people of the Parramatta community since 1999. Our heartbeat is to touch, connect and transform the lives of people, but not just the disadvantaged but the whole community.

As we are progressing day by day with our untiring work, we are inundated with calls and requests for support – physical, financial, spiritual as well as emotional. In order for us to continue to do our work and do it well, a place is needed. We need a building of our own, enabling us to run various community service programs more effectively and efficiently.

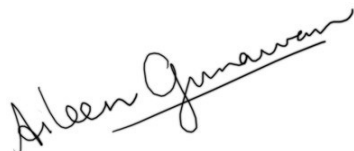

You can get involved by making a tax deductible donation towards the purchase of the building which costs A\$800,000. To create a social transformation in our neighbourhood we need to partner together to make this vision into a reality.

We have attached with this letter a Hope Mission Centre fact sheet that outlines the work we do in the community; a Community Partnership form that you need to complete to and send back to us in self addressed envelope.

Give generously and contribute to this great cause. It will save a life, and create a future.

We value your giving. God bless you and your generosity.

Yours sincerely,

Rev. Dr. Aileen Gunawan
Director / Senior Pastor
